

GREENVILLE

CENTRAL SCHOOL DISTRICT

Dear Preschool Families,

Happy fall! The year before kindergarten is remarkable, children are learning new skills, and words everyday. The world becomes more and more exciting. As you prepare your little ones to begin their elementary school years we will send you The Early Years newsletter, each month.

This newsletter is filled with useful and fun information. You will find suggestions in preparing your child for academic, social and emotional growth during this important developmental time.

Please take the time to look over the newsletter and enjoy engaging in some of the activities with your little learners! We look forward to welcoming your children as kindergarten students.

Sincerely,

Peter Mahan
Elementary School Principal
