Dear Incoming 6th Grade Parents,

The following list represents supplies we are requesting for our incoming sixth graders. If possible, please try to find items that best match our descriptions. We will work with the students closely in getting them organized for the school year. While it may be tempting to pre-label the supplies, it is actually more beneficial to the students to do that with us. (If you feel the need to label items, please only put their names on the items, and not the subjects.)

We are excited to begin a new school year, and looking forward to the opportunity to work with our students! Please feel free to email me with any questions or concerns.
